BEAUFORT
HISTORY
MUSEUM
UJS

Whether you were born into a family that's been in Beaufort for generations or have just come here, the chances are that you are under Beaufort's spell. For centuries, Beaufort's natural beauty has attracted us to her, and once here, we feel we are home.

To capture that magic and celebrate that sense of place, and to tell the stories of those centuries, the Beaufort History Museum Board was formed. Our goal is to relocate the Beaufort Museum in a facility worthy of accepting and displaying artifacts of our past and present and, therefore, our future. The Museum, housed in City Hall, will provide a tangible record of our history and an opportunity to show how a joint venture of public and private energy and funding can provide a valuable resource to the community on an appropriate, cost-effective scale. The City Council has joined this endeavor.

Now it's your turn to contribute your voice and your passion! We invite you to become a member, a volunteer, a donor. Enclosed is a membership form; look it over and see where you would like to contribute. We look forward to hearing from you and seeing you soon!
