

Beautify Beaufort

We need volunteers to join our group; four per neighborhood will be plenty to complete painting fire hydrants in the NWQ and commons area. We are also looking for help to paint six hydrants along Ribault road between, Bay and Allison.

It is fun painting fire hydrants and these bright and joyful soldiers become scores of pride each time you drive by them.

The city has also provided us with paint to paint "This View Preserved By The City Of Beaufort" signs. They really need it.

Please look at the before and after pictures to see the huge difference your contribution can make to the Beauty of our special City.

Contact Paul Michau at 524 3177 (home) or 321 5945 (Cell) or email me at pjmichau@yahoo.com if you can help.
