Beaufort Digital Corridor's Basecamp Renovation Underway Business Incubator Facility set to open November 2016

Beaufort, South Carolina – The [Beaufort Digital Corridor](#) is pleased to announce that the renovation of [BASEcamp](#) is underway. The approximately five thousand square foot facility at [500 Carteret Street](#) is strategically located in Downtown Beaufort, a few blocks from Bay Street. The renovation project is beginning just over 30 days since the unveiling of the Beaufort Digital Corridor by the [City of Beaufort](#) and is expected to be ready for occupancy in November 2016.

BASEcamp will soon become Beaufort's premier [business incubator](#) and [co-working](#) office designed to meet the transitional professional office space needs of tech and tech-related entrepreneurs seeking adaptable, affordable office and conference facilities of the highest quality, while gaining access to the network of entrepreneurs and professionals in both Beaufort and Charleston, South Carolina. Additionally, BASEcamp will support Beaufort's local creative arts community through the "BASEcamp Gallery."

"The development of BASEcamp represents a tangible and primary step forward as part of the Beaufort Digital Corridor's comprehensive long-term economic strategy in support of tech focused entrepreneurs," said [Beaufort Redevelopment Commission](#) member and City Councilman, Stephen Murray.

"Our goal with the development of BASEcamp is to create a modern, highly flexible, welcoming (and oh by the way, dog-friendly) workplace that allows entrepreneurs to focus on achieving their business goals while also being conducive to collaboration," said Project Manager and [Charleston Digital Corridor](#) Director, Ernest Andrade.

BASEcamp will be available for occupancy this November. [Contact us](#) to learn more or reserve an office or co-working desk.

[About the Beaufort Digital Corridor](#)

The Beaufort Digital Corridor is a community-sourced business initiative to attract, nurture and promote the city's knowledge economy through an array of impactful programs, products and events while leveraging the city's renowned livability. More: [beaufortdigital.com](#)
