Health Incentive Account (HIA)

With a Health Incentive Account (HIA), you can lower your benefit period deductible simply by completing activities that may lead to better health. **To be eligible, you must have active BlueCross BlueShield of SC Medical Coverage through City of Beaufort.**

How it works:

Complete the online health survey, and one additional activity to earn credits towards your deductible (up to 2 credits per member, per benefit period) **prior to meeting your deductible.** Once you have met your deductible, you are unable to earn credits until your next benefit period begins. **Credit opportunities are available to covered employees and spouses. Dependent children are not eligible.**

How to earn credit:

Complete health-related activities from the list below. When you complete two activities, you can receive the maximum deductible credit.

- **Wellness Exam:** Complete your annual physical using an in-network doctor. Women may complete a routine physical or an annual gynecological exam. Once your doctor files the claim for your visit, you will automatically receive HIA credit. To find an in-network doctor, log in to **My Health Toolkit**, select **Resources**, then **Find a Doctor or Hospital**.
- **Complete your Rally Health Survey:** take a fun and interactive survey to get your Rally age – a number that can be higher or lower than your physical age based on your lifestyle and risk factors. To take your health survey, go to www.southcarolinablues.com, log in to your **My Health Toolkit** account, select the **Wellness** tab, and then click **Rally**.
- **Complete Three Rally Missions:** you can choose missions as soon as you receive your Rally age. To select missions, log in to **My Health Toolkit**, select the **Wellness** tab, and then click **Rally**. Inside your Rally account, select the **Missions** tab.
- **Register for My Health Novel:** this is a free program that links with mobile apps and other resources to make a plan for reaching your health goals.

Health Savings Account (HSA)

If you enroll in the HDHP Medical Plan, you should consider contributing to a Health Savings Account (HSA). With an HSA, you can gain more control over your health care expenses because contributions, interest and withdrawals for qualified health care expenses are all tax-advantaged.

To be eligible to contribute to an HSA, you must meet the following requirements:

- Be covered under an HSA-qualified health plan on the first day of any month for which eligibility is claimed (as described in IRS Publication 969)
- Not be enrolled in Medicare
- Not be claimed as a dependent on someone else's tax return
- Have no other insurance except what is permitted by the IRS (see IRS Publication 969)

Why choose an HSA?

With an HSA, you get to take some of the money that would have gone to pay for higher health insurance premiums and put it into your own pocket. You can use the HSA to pay for qualified medical expenses, or you can save it and let it grow with tax-free interest from year to year. Be sure to keep your receipts as the IRS may request these in the event of an audit.

- You don't lose it if you don't spend it. The HSA, including all the money in the account, is yours. You take the account with you when you leave your qualified health plan, retire or change jobs. The balance will not expire.
- You don't have to pay taxes on withdrawals for eligible medical expenses.
- Even if you lose your qualified plan in the future, you can still use the remaining funds in your HSA on qualified medical expenses.
- You can change your HSA election amount at any time throughout the benefit year.

IRS HSA Contribution Limits*

2022	Individual \$3,650	Family** \$7,300	Age 55+ Catch up Contribution: Additional \$1,000
2023	Individual \$3,850	Family** \$7,750	Age 55+ Catch up Contribution: Additional \$1,000

*These limits are based on your medical plan coverage level. **Family coverage includes Employee + Spouse, Employee + Child(ren) and Employee + Family.

www.hsabank.com • Call the number on the back of your HSA Debit card.

Flexible Spending Accounts (FSA)

Participating in a Flexible Spending Account (FSA) is an opportunity to put aside payroll dollars tax-free, to pay for eligible expenses. Eligible medical expenses are described in IRS Publication 502, but in general your FSA can be used for expenses (**that are not otherwise reimbursed**) relating to medical, dental, vision, pharmacy, and eligible dependent care expenses incurred during the plan year.

Make an election based on your estimated expenses (up to the limits) for this plan year **July 1, 2022 – June 30, 2023**. Your election will be payroll deducted evenly each pay period through the end of the plan year. Please note you are not able to change your FSA election throughout the year, unless you have a qualifying event.

Types of FSAs:

Health Care FSA: This account is used to reimburse medical, dental, vision, and pharmacy out-of-pocket expenses incurred by you and your dependents. **You are not eligible to participate in this account if you are making contributions to the Health Savings Account (HSA).**

Dependent Care FSA: This account is used to reimburse expenses related to care of your eligible dependents while you (and your spouse, if married) work. Covered expenses must be for dependent children 13 and under, or any person of any age whom you claim as a dependent on your taxes that is mentally or physically incapable of caring for himself/herself.

How to submit a claim:

You are able to use the FSA debit card to pay for claims at time of service. If you do pay out of pocket for a claim, you can file a claim electronically by setting up an account at **www.flores247.com** or through the **Flores Mobile App**; you can submit claims through the website, mobile app or via mail/fax. Since the FSA is regulated by the IRS, you may be required to provide documentation to substantiate your claim.

You are able to carry over up to \$570 of the remaining balance to the following plan year.

Voluntary Life/AD&D – Rate Chart

Please note that the premium amounts presented below may vary slightly from the amounts provided on your enrollment form, due to rounding.

To select your benefit amount and calculate your premium, do the following:

- 1) Locate the benefit amount you want from the top row of the employee premium table. Your benefit amount must be in an increment of \$10,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.
- 2) Find your age bracket in the far left column.

- 3) Your premium amount is found in the box where the row (your age) and the column (benefit amount) intersect.
- 4) Enter the benefit and premium amounts into their respective areas in the Voluntary Life and AD&D section of your enrollment form.

If the benefit amount you want to select is greater than any amount in the table below, select the benefit amount from the top row that when multiplied by another number results in the benefit amount you want. For example, if you want \$150,000 in coverage, you obtain your premium amount by multiplying the rate for \$50,000 times 3.

This benefit will help you pay for non-medical and out-of-pocket medical expenses upon diagnosis of one of the covered specified critical illnesses (including cancer if that is elected). This product provides a lump sum option that will pay out upon diagnosis. This plan also includes a benefit for the receipt of an approved cancer vaccination, completion of a covered health screening test, and for the extended treatment of cancer in the amount of \$500/month up to 12 months (whether consecutive or not). Subsequent diagnosis benefits are also included in this plan. This benefit also provides a \$50 reimbursement for a Health Screening.

Accident (Off Job Only or Off/On Job)

This benefit will help you off-set unexpected medical expenses resulting from a covered accident. This benefit pays out for broken bones, dislocations, burns, cuts and other injuries as well as the treatment and follow-up care for those injuries. There are benefits built in for different phases of an accident (from initial care benefits to follow up treatment). This benefit also provides a \$50 reimbursement for a Health Screening.

Whole Life

This benefit is a permanent life insurance option available for the employee only. This plan includes guaranteed level premiums that do not increase because of changes in health or age, and gives access to policy's cash value through a loan for emergencies.

Gunshot Wound Benefit (Off/On Job)

This benefit will help you offset non-medical and out-of-pocket medical expenses if you receive a non-fatal gunshot wound. This policy pays a lump-sum benefit.

Adopting healthy behaviors, including regular health screenings can prevent or control many diseases. If you elect Accident or Critical Care, there are wellness / health screening benefits included. To file a health screening claim call (800) 325-4368 and provide the date of test, type of test, name and telephone number of doctor or facility where test was performed. You may also file online through Colonial Life's policyholder website. **No claim form is needed to file this claim.**
